

Integrated Technology Solutions for Smart Cities and Smart Haulers

Routeware is the waste and recycling industry's most trusted technology company. Our enterprise solutions help municipalities and haulers save time and money, increase efficiency, improve safety, and green up our world. Customers use our products and services to manage fleets, verify service, manage and optimize routes, streamline billing, and engage residents.

Key Capabilities

Fleet Automation

Increase fleet efficiency, performance and sustainability with our best-in-class smart truck and on-board computer platform.

Resident Engagement Tools

Reduce recycling contamination, wishcycling, and call volumes while empowering people to be great recyclers.

- ✓ Proven Platform for Smart Cities
- ✓ Best-in-Class and Built for the Industry
- ✓ All-in-One Technology Solution
- ✓ Better Customer Support
- ✓ One Hand to Shake

Billing and Back Office

Automate key business workflows, make billing more accurate, report on performance data, and make it faster and easier for your team to serve customers.

Route Optimization

Redesign waste and recycling routes quickly and easily to reduce costs, lower risk, and increase overall performance.

**Greater
ROI**

**Easier to
Use**

**More
Features**

**One hand
to shake**

**Better
reliability**

**Greater
success**

“Easy to use and excellent support”

“The interface is easy for drivers to use. There is customization available for different billing software, excellent support services, and the amount of data collected is excellent.”

**Jeremy S., Field Applications Coordinator
Government Administration**
